MoE/DCRD/PSSD/Dzong(6)/2015/3621

Date: 17th March 2015

All Dzongkhag/Thromdey Education Officers

Subject: Cluster level Science Exhibition-2015

Dear Sir / Madam,

Science and Technology Exhibition is an annual programme for all middle and higher secondary schools in the country to provide opportunities for Bhutanese children to engage creatively and actively in science and technology activities. The Department of Curriculum Research and Development (DCRD), Paro will observe the Science and Technology Exhibition in five clusters across the country on the 4th of May, 2015.

As explained in the attached Guidelines, the program will be conducted at five clusters. Therefore, all the Dzongkhag/Thromdey Education Officers are requested to instruct the Middle and Higher Secondary schools to prepare for the exhibitions in strict adherence to the rules and instructions outlined in the Guidelines.

We wish all the schools successful experiential learning.

Thanking you,

Yours sincerely,

(Norbu Wangehuk)

Offtg. Director
